Rebecca/John

Attached are three NOIs to Abandon wells at the Former East Washington Fluff Site that are registered to EPA. I understand you are aware of the intention to abandon the wells by Harrison Properties, the current parcel owner.

Please let me know whether or not ADEQ has any further comments or concerns regarding the abandonments by December 4, 2015, or sooner if possible. If you need additional time, please let me know.

Regards,
Dave Christiana

Dear Well Owner:

DOUGLAS A. DUCEY
Governor

THOMAS BUSCHATZKE
Director

Enclosed is a copy of the Notice of Intent to Abandon a Well (NOI) which you or your driller recently filed with the Department of Water Resources. This letter is to inform you that the Department has approved the NOI and has mailed an abandonment authorization card to your designated well drilling contractor. The driller may not begin abandonment until he/she has received the authorization, and must keep it in their possession at the well site during the abandonment.

The well abandonment authorization card and a blank Well Abandonment Completion Report form (form 55-58) have been sent to your driller. Arizona statute [A.R.S. § 45-594] requires the driller to furnish the Department with a complete and accurate Well Abandonment Completion Report within thirty (30) days after completion of abandonment. Arizona statute also requires a well owner to submit a Well Owner's Notification of Abandonment form (form 55-36) within thirty (30) days after the well has been properly abandoned. A copy of the form is enclosed for your convenience. An electronic copy (compact disc or electronic file) of all video logs, if performed, must be included with the well owner's notification or Well Abandonment Completion Report. You should insist, and ensure, all of this is done.

If you change drillers, you must supply the Department with the new driller's identity on a Request to Change Well Information form (form 55-71A). Well abandonments shall be performed only by a licensed well drilling contractor or single well licensee.

Sincerely,

A handwritten signature in dark ink, appearing to read "David A. Buschatzke", is written over a horizontal line.

Necessary Steps and Instructions to Obtain Drilling Authority (Monitor/Piezometer Wells)

1. Arizona Revised Statutes ("A.R.S.") § 45-596 provides that prior to drilling a monitor or piezometer well, a Notice of Intention to Drill must be filed with the Department. To assist you in understanding the substantive requirements for this application, copies of A.R.S. § 45-596 and Arizona Administrative Code ("A.A.C.") R12-15-810 are available thru the department bookstore
2. Information to complete items 1, 2, and 3 may be available from your County Tax Receipt or your County Assessors Office
3. Information to complete item 9 is available from your copy of the original Notice of Intent to Drill or our Records Division at (602)417-2405
4. Information to complete items 11, 14 and 15 may be available from your driller.
5. If an individual other than the land owner or lessee signs this notice, an original **notarized** letter of authorization from the land owner/lessee, stating that the individual has permission to sign this specific Notice on his or her behalf, must accompany the Notice of Intention to Drill a Monitor/Piezometer Well
6. Please complete two original notices with original signatures and include a \$10.00 check or money order for the processing fee, in accordance with A.R.S. § 45-113. Submit them to: P.O. Box 458, Phoenix, Arizona 85001-0458.

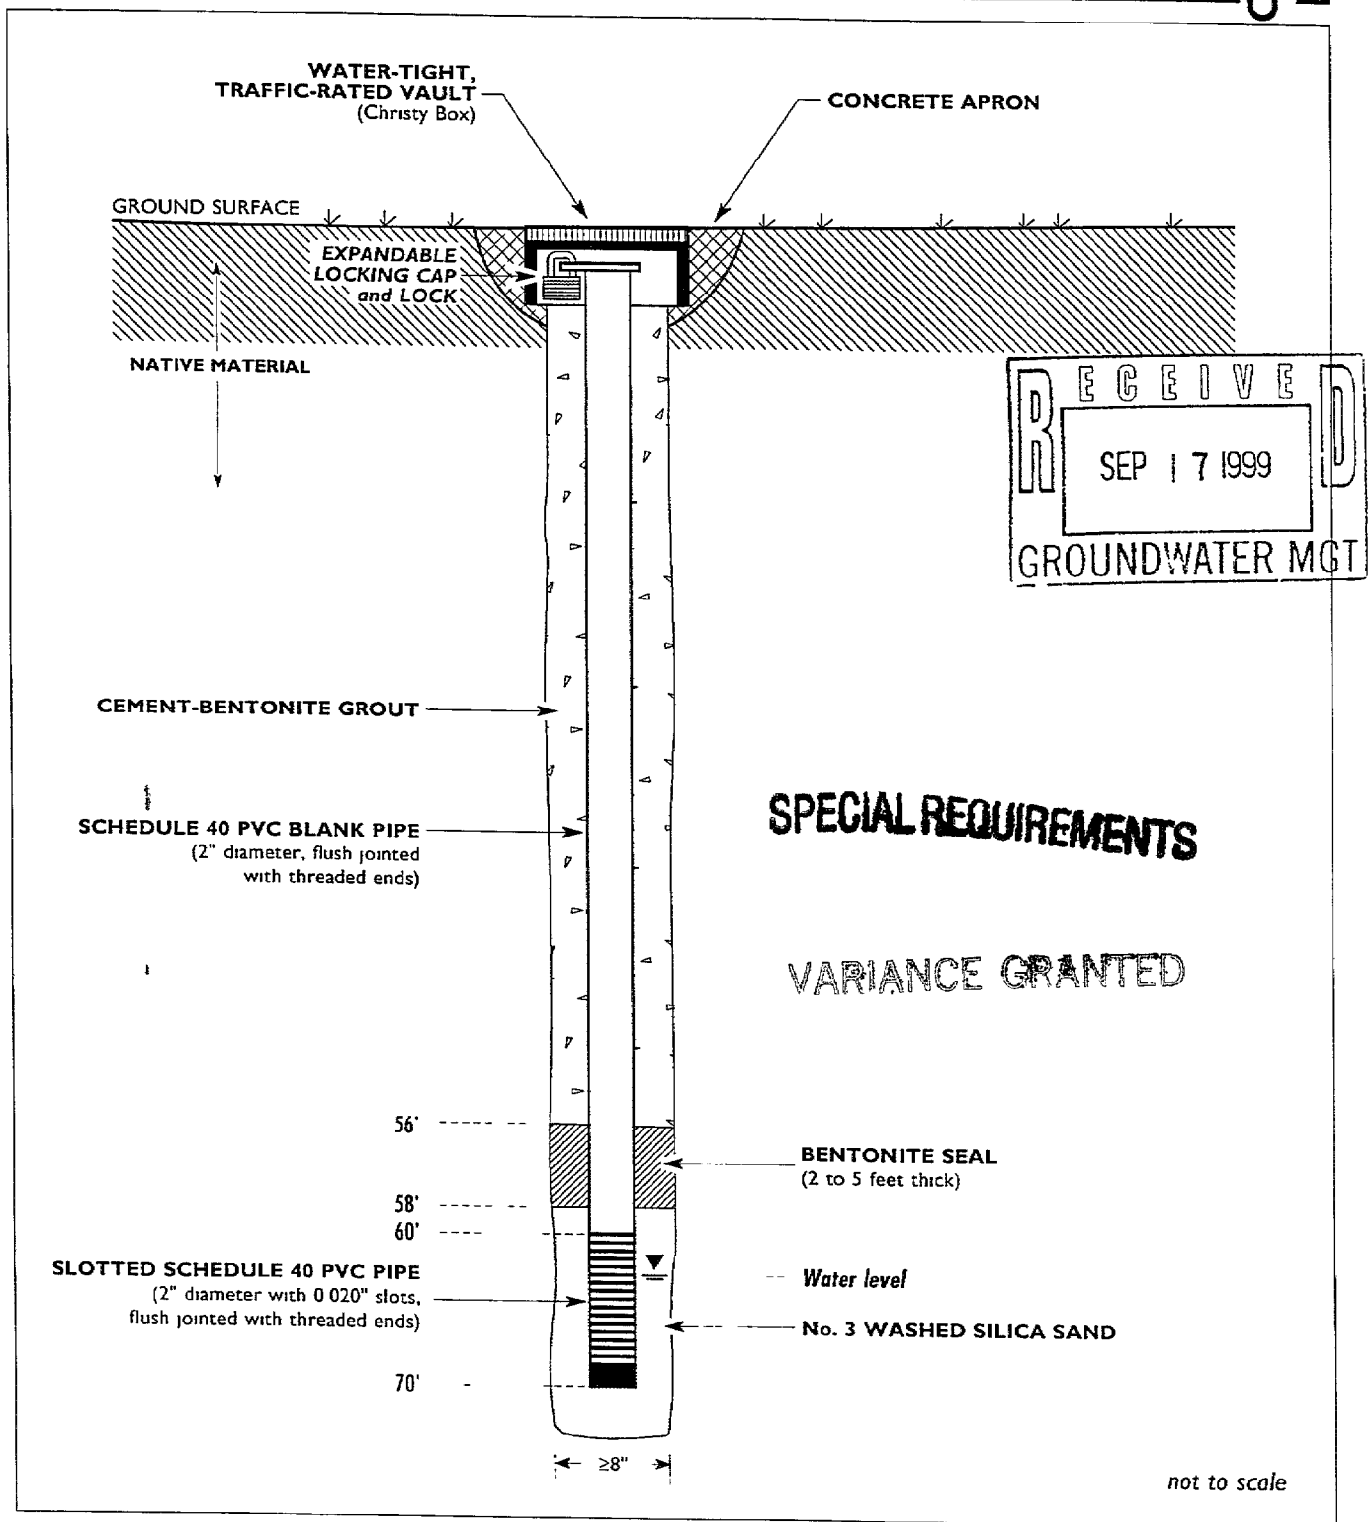

TIME FRAME FOR REVIEW OF YOUR APPLICATION

Within 15 days after receipt of your Notice of Intention, the Arizona Department of Water Resources ("Department") will determine whether your application should be granted or denied, unless this time is extended for lack of a complete application. If your application is incomplete, the Department will notify you in writing and will specify what information is necessary to make the application complete. Until the missing information is received, the time frame for review of your application will be suspended. Your application will not be complete until all of the requested information is received. If you do not supply the missing information within sixty (60) days, the Department may deem your application withdrawn and close the file.

At the end of its review, the Department will send you written notice either granting or denying your application for drilling authority. If your application is approved the Drill Card will be mailed directly to the drilling company. If denied, the Department's notice will state justification for the denial and an explanation of your right to appeal.

Construction and Follow-up Requirements

1. Construction and abandonment standards for all wells must be in accordance with Department Rules.
2. A.A.C. Rule R12-15-811(H)(2) requires a monitor well to be identified as such on the vault cover or at the top of the steel casing. Identification information must include the well registration number.
3. Pursuant to A.R.S. § 45-596(E), drilling, deepening or modification of the well must be completed within one year after the date of the Notice of Intent
4. A Well Driller Report is required within thirty (30) days of completion of drilling. Within thirty (30) days after installation of pumping equipment in monitor wells Completion Report must be filed with the Department.
5. Pump equipment may not be installed on a well drilled for piezometer purposes. If a monitor well is pumped, pumping is limited to the maximum amount required for monitor purposes, but in no case may exceed 35 gallons per minute and an annual total volume of 10 acre feet
6. Special construction standards required pursuant to A.A.C. Rule R12 15-821:

SUBJECT: REQUEST FOR VARIANCE

Dear Mr. Johnson:

Ecology and Environment requests a variance in construction of three (3) Groundwater Monitoring wells at 433 E. Buckeye Road, located in the NW ¼, NE ¼, NE ¼ of Section 17, Township 1 North, Range 3 East in Phoenix, Arizona.

1. The wells will be completed with Schedule 40 PVC in the upper 20' in lieu of the required 20' of steel.
2. The above grade portion of two (2) wells will be sheathed in protective steel casing. The third well will be completed in a watertight, traffic rated flush grade vault in lieu of the required above grade type completion.

Thank you for your attention to this request for variance. If you have any questions I can be reached at (415) 981-2811.

Sincerely,

Jason Musante

Re: Notice of Intent to Drill Three Monitor Wells
Registration Number 55-577349 Through 55-577351

Dear Mr./Ms.:

The Arizona Department of Water Resources received your request dated September 17, 1999 for construction of three monitor wells to be located in Maricopa County.

The Department has reviewed the above referenced application to determine if the applications meet the substantive requirements of A.R.S. §45-596(D) and A.A.C. R12-15-820. Pursuant to A.R.S. §41-1075, the Department has determined that additional information is required and is being requested through Ecology and Environmental, Inc.

The following information must be submitted before the Department can complete its review.

- Requesting Authorization letter that states Ecology and Environmental, Inc. has EPA permission to sign variance request letter.

Failure to submit the information requested within 62 days may result in the denial of the application. The Department's substantive review time frame is suspended until all of the requested information is provided.

If you have any questions, please contact James L. Johnson of my staff at (602)417-2400 extension 7268.

Sincerely,

Frank Corkhill

Dear Applicant: (55-577349 – 55-577351)

The Department of Water Resources recently received your Notice of Intention to drill three monitor wells located in Township 1 North, Range 3 East, Section 17. This cadastral description is located in or near a contaminated groundwater area known as a Water Quality Assurance Revolving Fund (WQARF) or CERCLA site, see attachments.

Special considerations and/or requirements may be applicable when working in these areas to avoid possible cross contamination between aquifers and/or other problems that can be encountered when working in a contaminated area.

Dear Well Owner

Enclosed for your records is an annotated copy of the Notice of Intention to Drill a well. This is returned to you as evidence of compliance with A.R.S. §45-596. A drilling card has been mailed to your designated driller. Prior to drilling he must have it in his possession.

Since this well is being drilled as a Monitor well, or for Cathodic Protection, Grounding, Geotechnical or Piezometer purposes, our standard driller report form is also being furnished to the driller. He is required to complete it and return it to the Department within 30 days after the completion of the well. A Completion Report form is being furnished for monitor wells where pump installation is authorized. This must be completed within thirty days of installation as required by A.R.S. §45-600.

A Change of Well Information form is enclosed for your future use. If you deem it necessary to change the location of the proposed well, please notify the Department on the enclosed form. A properly amended Drilling Card will then be issued and must be in possession of the driller before drilling begins. During the drilling of a new well, if it is determined that it must be abandoned, then a Well Abandonment Completion Report must be submitted per R12-15-816 F.

Per A.R.S. §45-593, the person to whom a well is registered shall notify this Department of a change of ownership of the well and/or information pertaining to the physical characteristics of the well, in order to keep the well registration file current and accurate.

Sincerely,

Gloria Moss
